Professional Summary

Motivated MSc Data Science student with a foundation in Python, SQL, Statistics, Data Analysis, Machine Learning, and Data Visualization. Skilled in data preprocessing, exploratory data analysis, predictive modeling, and model evaluation. Seeking a Data Science Internship to apply academic knowledge to real-world datasets and gain hands-on industry experience.

Education

Acharya Nagarjuna University 2025 – 2027
MSc Data Science – Computational Data Science (Pursuing); CGPA: 8.00/10 *Andhra Pradesh*

Dr. B. R. Ambedkar University 2022 – 2025
BSc Computer Science; Percentage: 72% *Andhra Pradesh*

Projects

Student Performance Prediction | *Python, Pandas, NumPy, Scikit-learn, Matplotlib*

- Developed a machine learning model to predict student performance using historical academic data
- Performed data cleaning, preprocessing, and exploratory data analysis (EDA)
- Applied and compared machine learning algorithms and evaluated performance using appropriate metrics

AI-Powered Document Q&A Assistant Using RAG | *Python, LangChain, LLMs, FAISS, Hugging Face, Streamlit*

- Built an AI assistant that answers user queries from uploaded documents using Retrieval-Augmented Generation (RAG)
- Implemented document loading, text chunking, embeddings, and vector storage
- Used LangChain to integrate an LLM with the retrieval pipeline
- Developed a simple, interactive web interface using Streamlit
- Integrated open-source LLM (e.g., Llama / Mistral) and FAISS for efficient similarity search
- Currently working on improving response accuracy and adding multi-document support

Technical Skills

Programming: Python
Data Analysis: Pandas, NumPy, Exploratory Data Analysis (EDA)
Machine Learning: Regression, Classification, Clustering, Model Evaluation
Data Visualization: Matplotlib, Seaborn
Database: SQL, MySQL
Core Concepts: Statistics, Data Preprocessing, Feature Engineering
Tools: Jupyter Notebook, VS Code, Git, GitHub

Relevant Coursework

Data Science, Statistics, Machine Learning, Python, SQL, Artificial Intelligence, Data Analysis, Data Visualization

Certifications

Python for Data Science | Machine Learning

Languages

English, Telugu
